TEST COMBINATIONS FOR 2022-23 TEI ACHIEVEMENT STATISTICS

For the Classroom Effectiveness Index (CEI) and Academic Peer Group (APG), each current test has required scores from one or two tests from the prior school year. For more information on how scores from the prior school year are used in calculations, refer to the TEI rulebook available from the TEI resources page at https://tei.dallasisd.org.

Classroom Effectiveness Index: Students must have both required test scores from the prior year to be eligible for inclusion in a š Z Œ [• / • š š] • š] X ^ } u µ Œ Œ v š š • š • Z À u } Œ š Z v Z Ä š @ 0 PŽ 2 ¡ v

_____: Students must have the required test score from the prior year to be eligible for inclusion in a š Z Ä Œ • statistic. Some current tests have more than one possible required test from the prior year that can be used in modeling. On score from a prior-year test will be considered for a student. The first option listed is the first one selected. If no score is available from that assessment in the prior year, the next option is selected, and so on.

Grade levels: v v š Œ Ç in the Grade column indicates the grade level of the assessment is not relevant to the statistic or the assessment has no grade level.

MAP Growth: For TEI achievement statistics, only MAP Growth • } Œ • Œ µ • X v Ç Œ (Œ v š } ^ Œ r s t u _] v š Z E t M AP Growth assessment. ENG=English, SPN=Spanish.
